Shipments of pot-grown Strawberry plants will be made from late July until November. It is satisfactory to plant Strawberries in the latitude of New York and further south until early November.

All orders will be filled depending on weather and crop conditions. For this reason we reserve the right to refund all remittances after orders have been accepted.

All orders will be filled in strict rotation only, and we cannot accept any orders that request delivery on specified dates. We will make every effort to complete all orders that we accept, but due to unprecedented abnormal conditions we cannot be responsible for the length of time consumed in transit, and inasmuch as all shipments will be made by Railway Express only they should be inspected on delivery, and if damage such as breakage, rotted foliage, etc., is apparent, immediate claim should be made with the local express agent.

# MODERN IRIS ARE THE MAINSTAY OF THE GARDEN

## MAX SCHLING EXCLUSIVE INTRODUCTIONS FOR 1945

**Sally Ann.** (K. Smith.) Our best introduction to date. A premium Iris with the longest known blooming period of any existing variety. We timed a full 4 1/2 weeks bloom from Sally Ann, which is a record. The color is a lovely deep buff-yellow self with unexcelled substance. In our trials we have rated it the No. 1 yellow to date. Price: \$7.50 each.

**Jewelite.** (Cassebeer.) Large flower of bronzy orange-salmon, suffused pink, lavender and yellow. This gorgeous combination and blending of color can never be fully appreciated unless seen. Color photography can not capture the arresting beauty and illumination of this outstanding variety. It shows to best advantage as a cut flower indoors or on a cloudy day. Limited amount available. Price: \$10.00 each.

**Lovely Melody.** (K. Smith '45.) A beautiful early large flowering seedling, blending combination of pale tan and henna-brown. The standards are beautifully frilled, lightly suffused henna-brown, the falls being the same color but more heavily suffused. A flower of great size and refinement. Height 40 inches. Price: \$15.00 each.

**Katy.** (K. Smith '44.) A lovely cream with soft golden orange beard. Slightly taller than Sally Ann and blooming over almost as long a period. A perfect companion for Violet Symphony. Price: \$6.00 each.

## TWO OF THE VERY BEST

**El Mohr.** (Loomis.) Without doubt the most exciting Iris ever introduced. The color is a rich violet-red, but the outstanding feature of this variety is its enormous size and grace. The falls are flaring, fully 2 1/2 inches wide. The standards are of great substance spreading and curving gracefully enough to expose a perfectly formed center. The stems are sufficiently powerful to expose three wide open 7-inch blossoms through severe rain and wind. Every Iris lover sooner or later will own an El Mohr. Supply limited. Price: \$6.00 each.

**Violet Symphony.** (K. Smith.) The best Iris in its color class. Tall graceful branching spikes with large violet self blossoms of great substance. Height 40 inches. Price: \$5.00 each.

**Spindrift.** (Loomis '44.) Seashell or coral-pink; the truest pale pink Iris ever introduced. The falls are accentuated with fiery orange beard. Startling effect. Height 36 inches. Price: \$15.00 each.

**Winter Carnival.** (Schreiner '41.) A white that we consider much superior to Gudrun. Snow-white with widely flaring falls. Heavy stems, large flowers. Price: \$4.00 each.
